

PRODUCTS FOR MECHANICAL  
VENTILATION AND RECUPERATION

# ROD-VENT

Three-layer structured  
PE ventilation pipe

# ROD-VENT

Availability in versions:

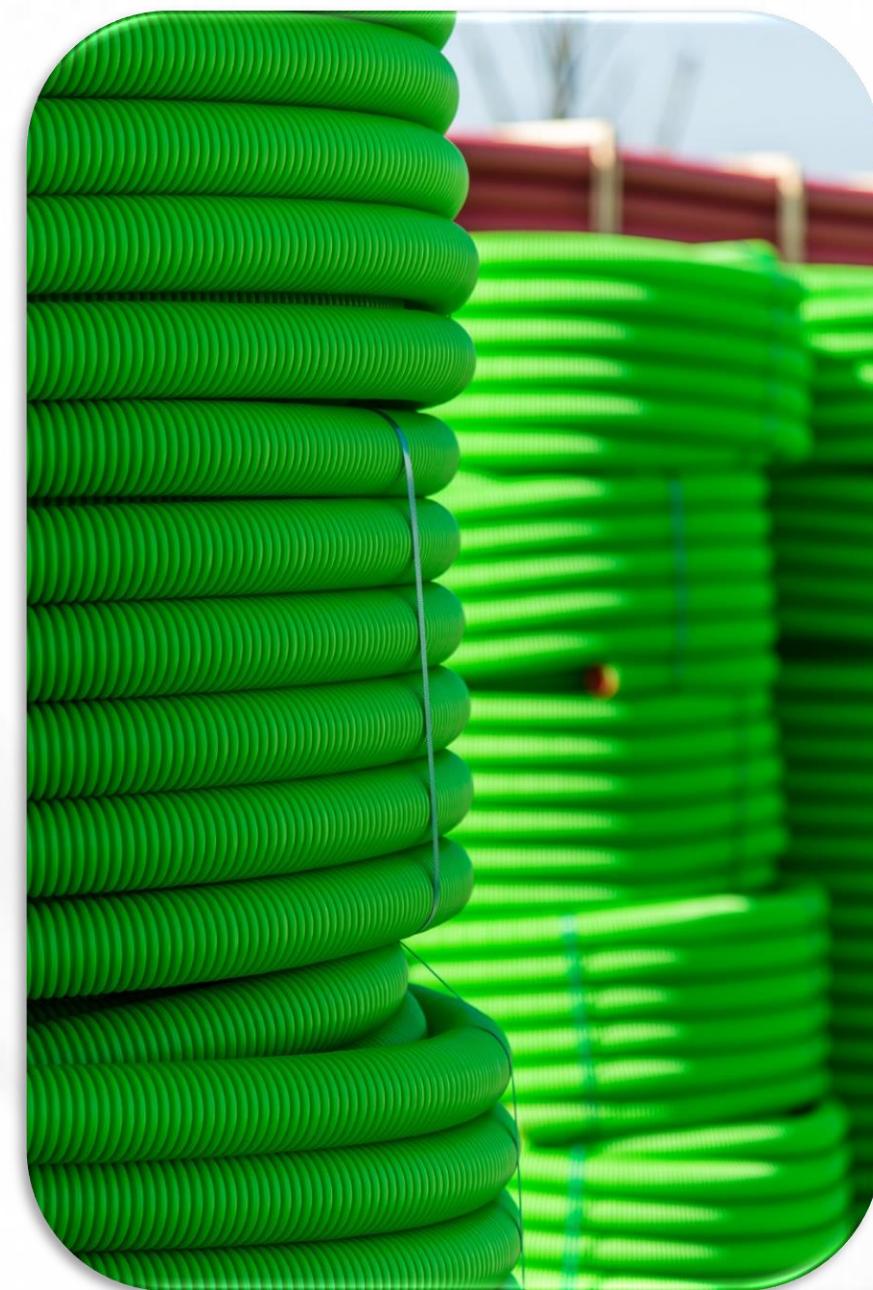

---

**ROD-VENT-** ventilation pipe without anti-bacterial and anti-static ingredients

**ROD-VENT-V-** ventilation pipe with anti-bacterial properties. The inner surface is coated with additives based on zinc compounds with unique anti-bacterial and antifungal properties.

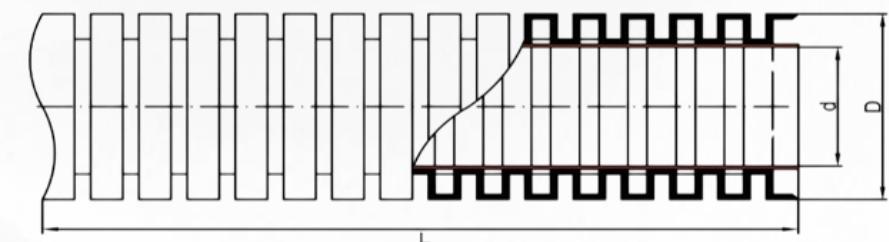

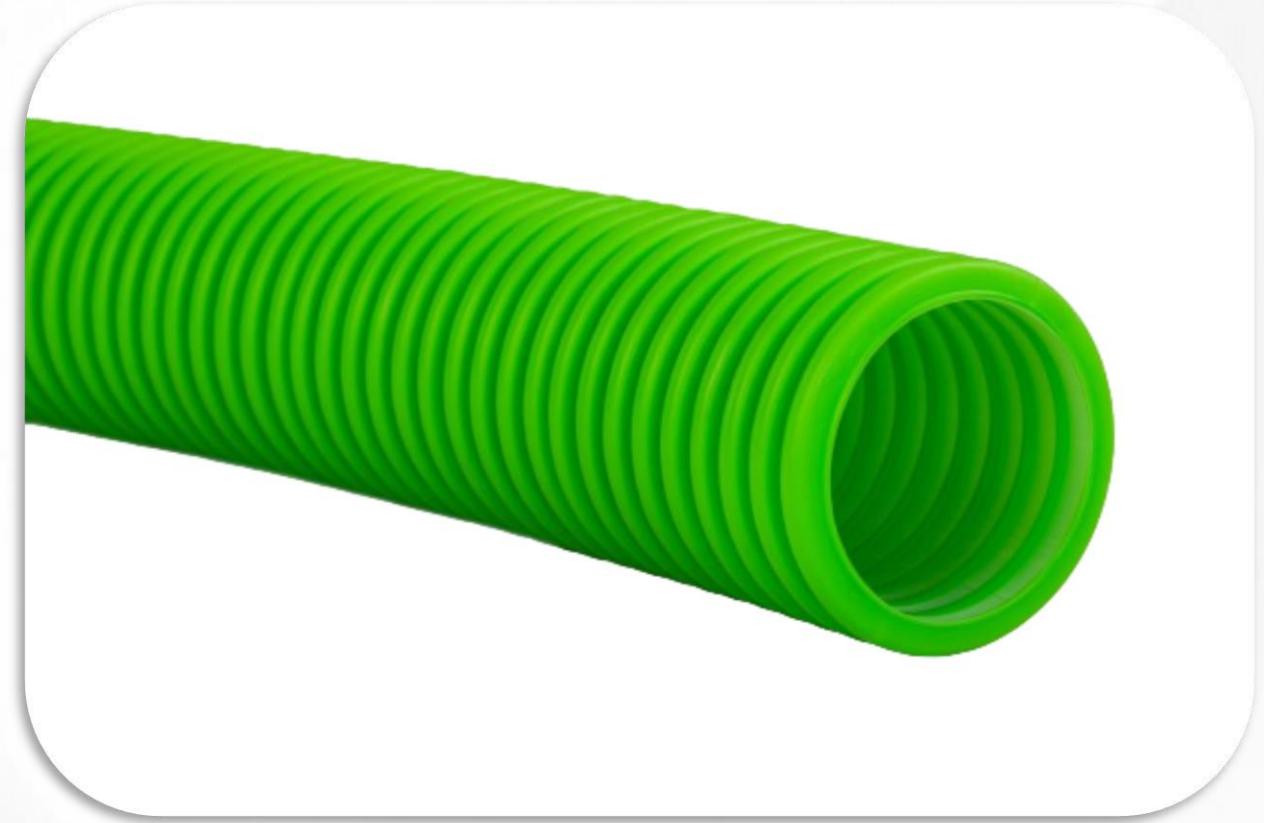

**ROD-VENT-VX-** ventilation pipe with anti-static properties. In order to improve the antistatic properties, the smooth inner surface has been refined with a highly effective preparation aimed at reducing the surface tension.

**ROD-VENT-VA-** ventilation pipe with anti-bacterial and anti-static properties..

# ROD-VENT

<b>Application</b>	<ul style="list-style-type: none"><li>• For distributing air in indoor mechanical ventilation systems.</li><li>• Pipes may be installed in suspended ceilings, partition walls, floor slabs, concrete floors; laid in the ground</li></ul>
<b>Material</b>	HDPE
<b>Ø External D [mm]:</b>	50;63;75;90;110;125;160
<b>Ø Internal D [mm]:</b>	40;52;60;76;92;134
<b>Operating temperature</b>	-15°C ÷ 50°C
<b>Compressive strength</b>	450N
<b>Fire reaction class</b>	E
<b>Bending radius [mm]:</b>	100;130;150;180;220;320
<b>Length of coils L [m]:</b>	25;50
<b>Color:</b>	-green on the outside -natural on the inside

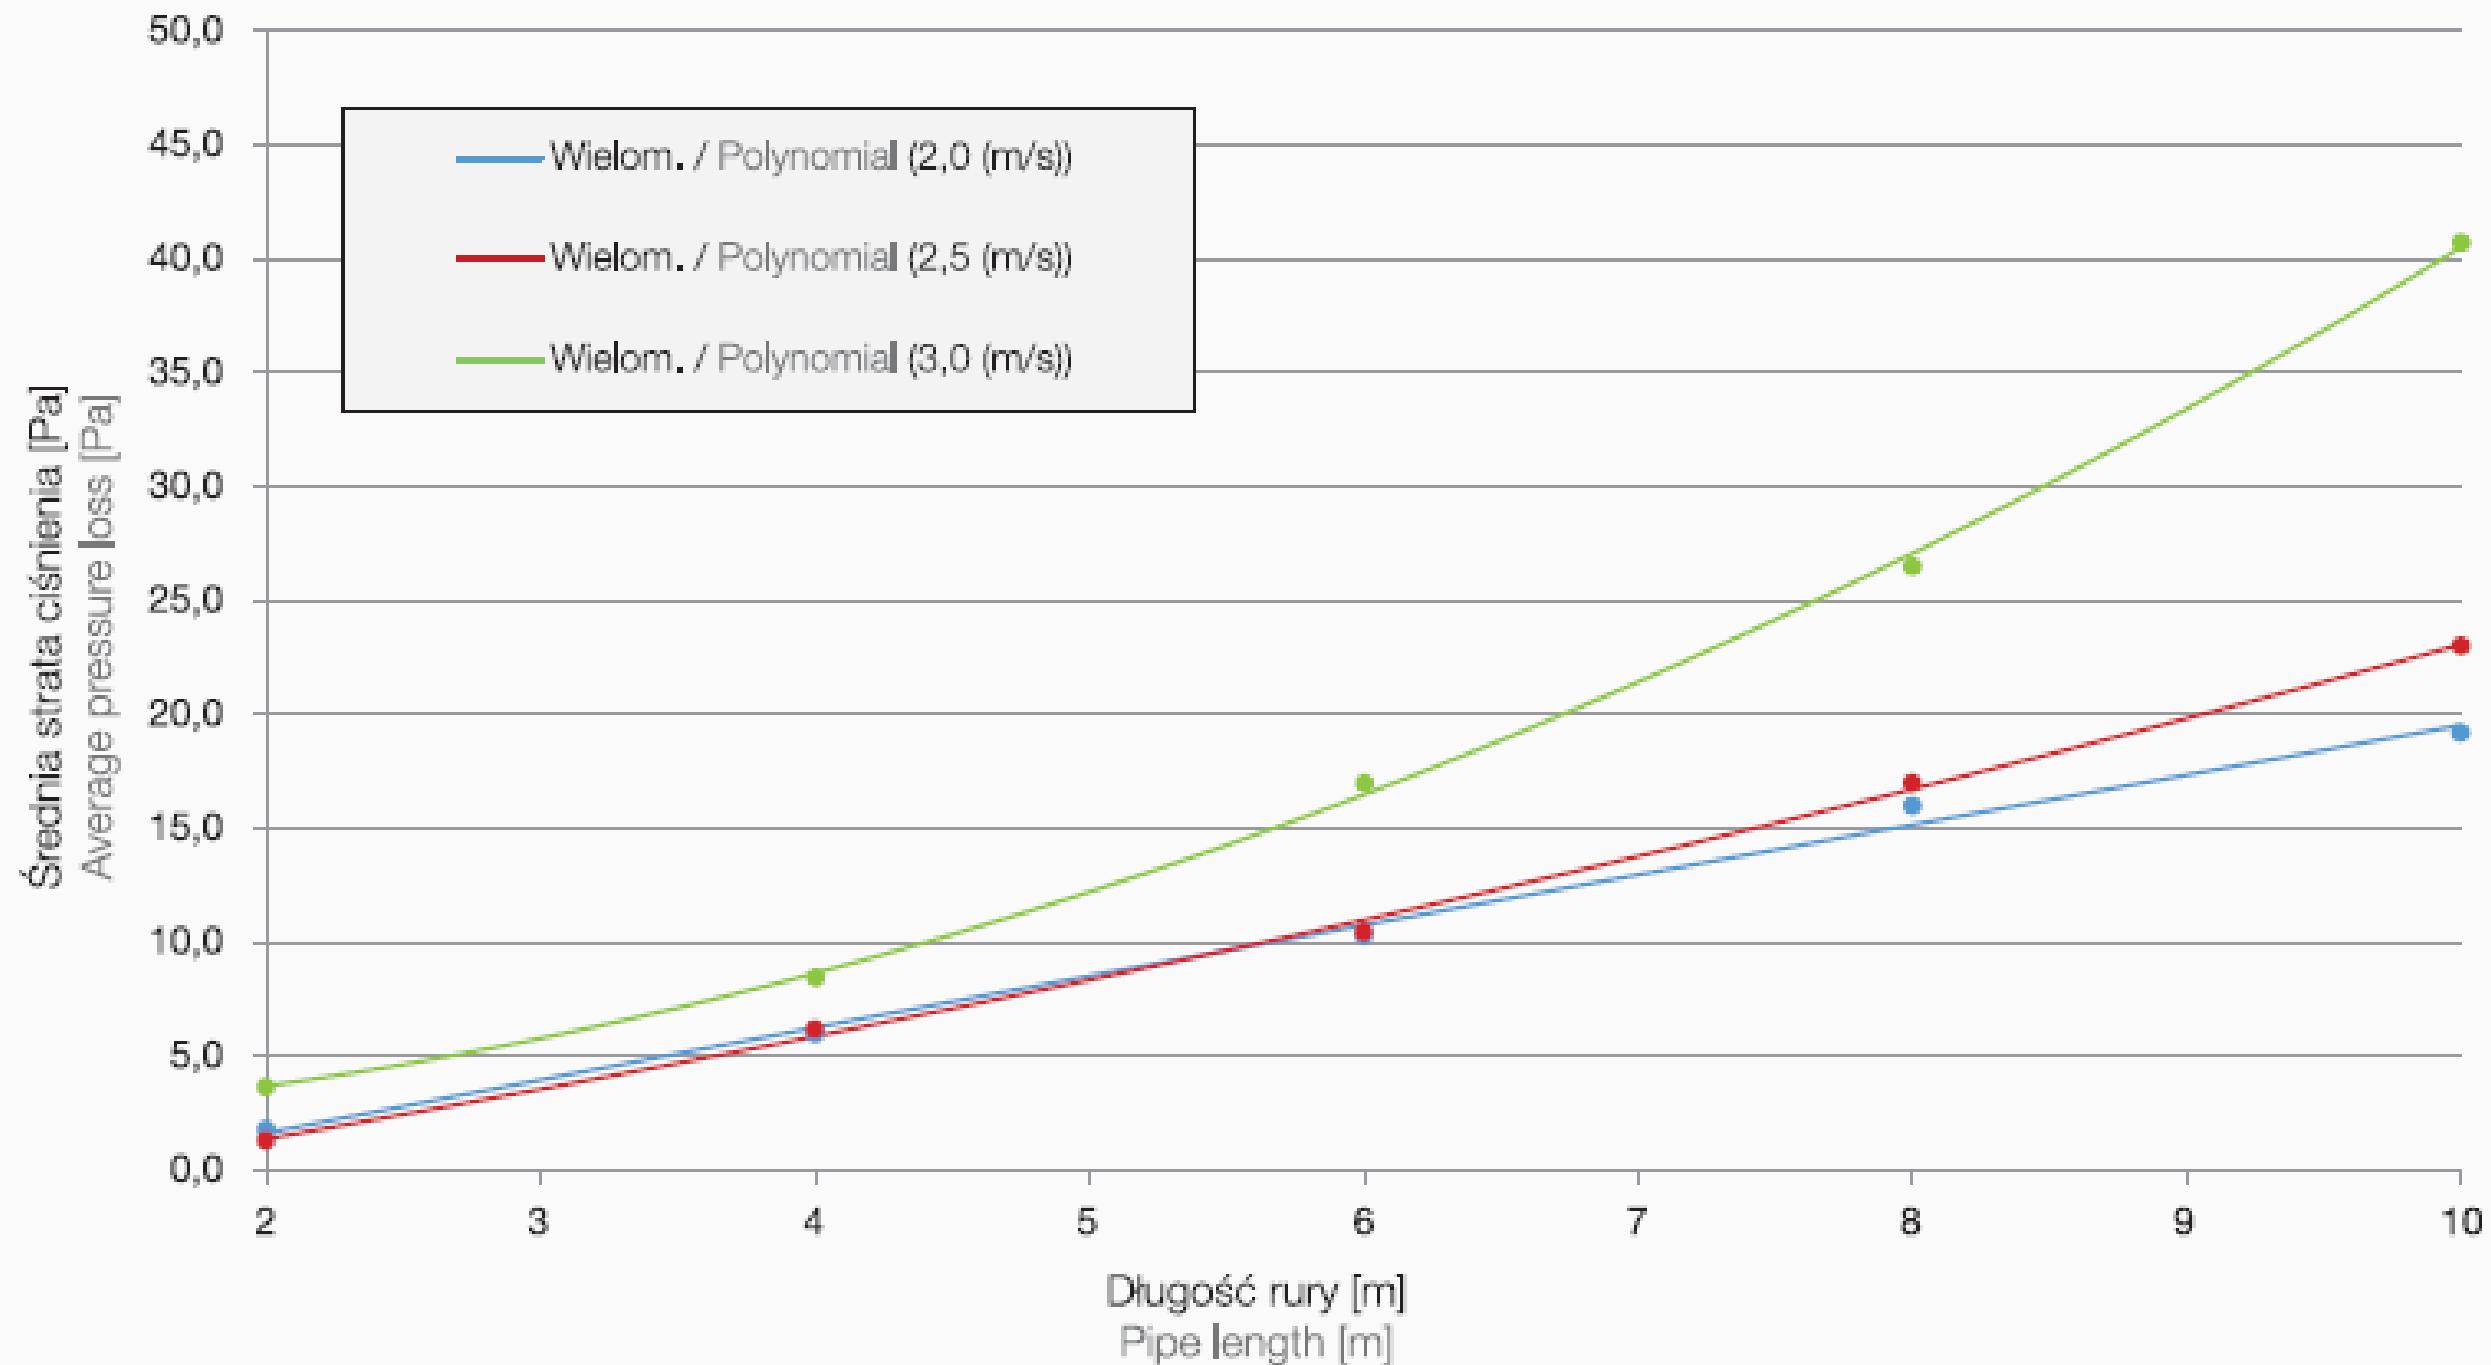

# PRESSURE LOSS AS A FUNCTION OF FLOW RATE FOR DIFFERENT PIPE LENGTH

# VENTILATION PIPE DN 50

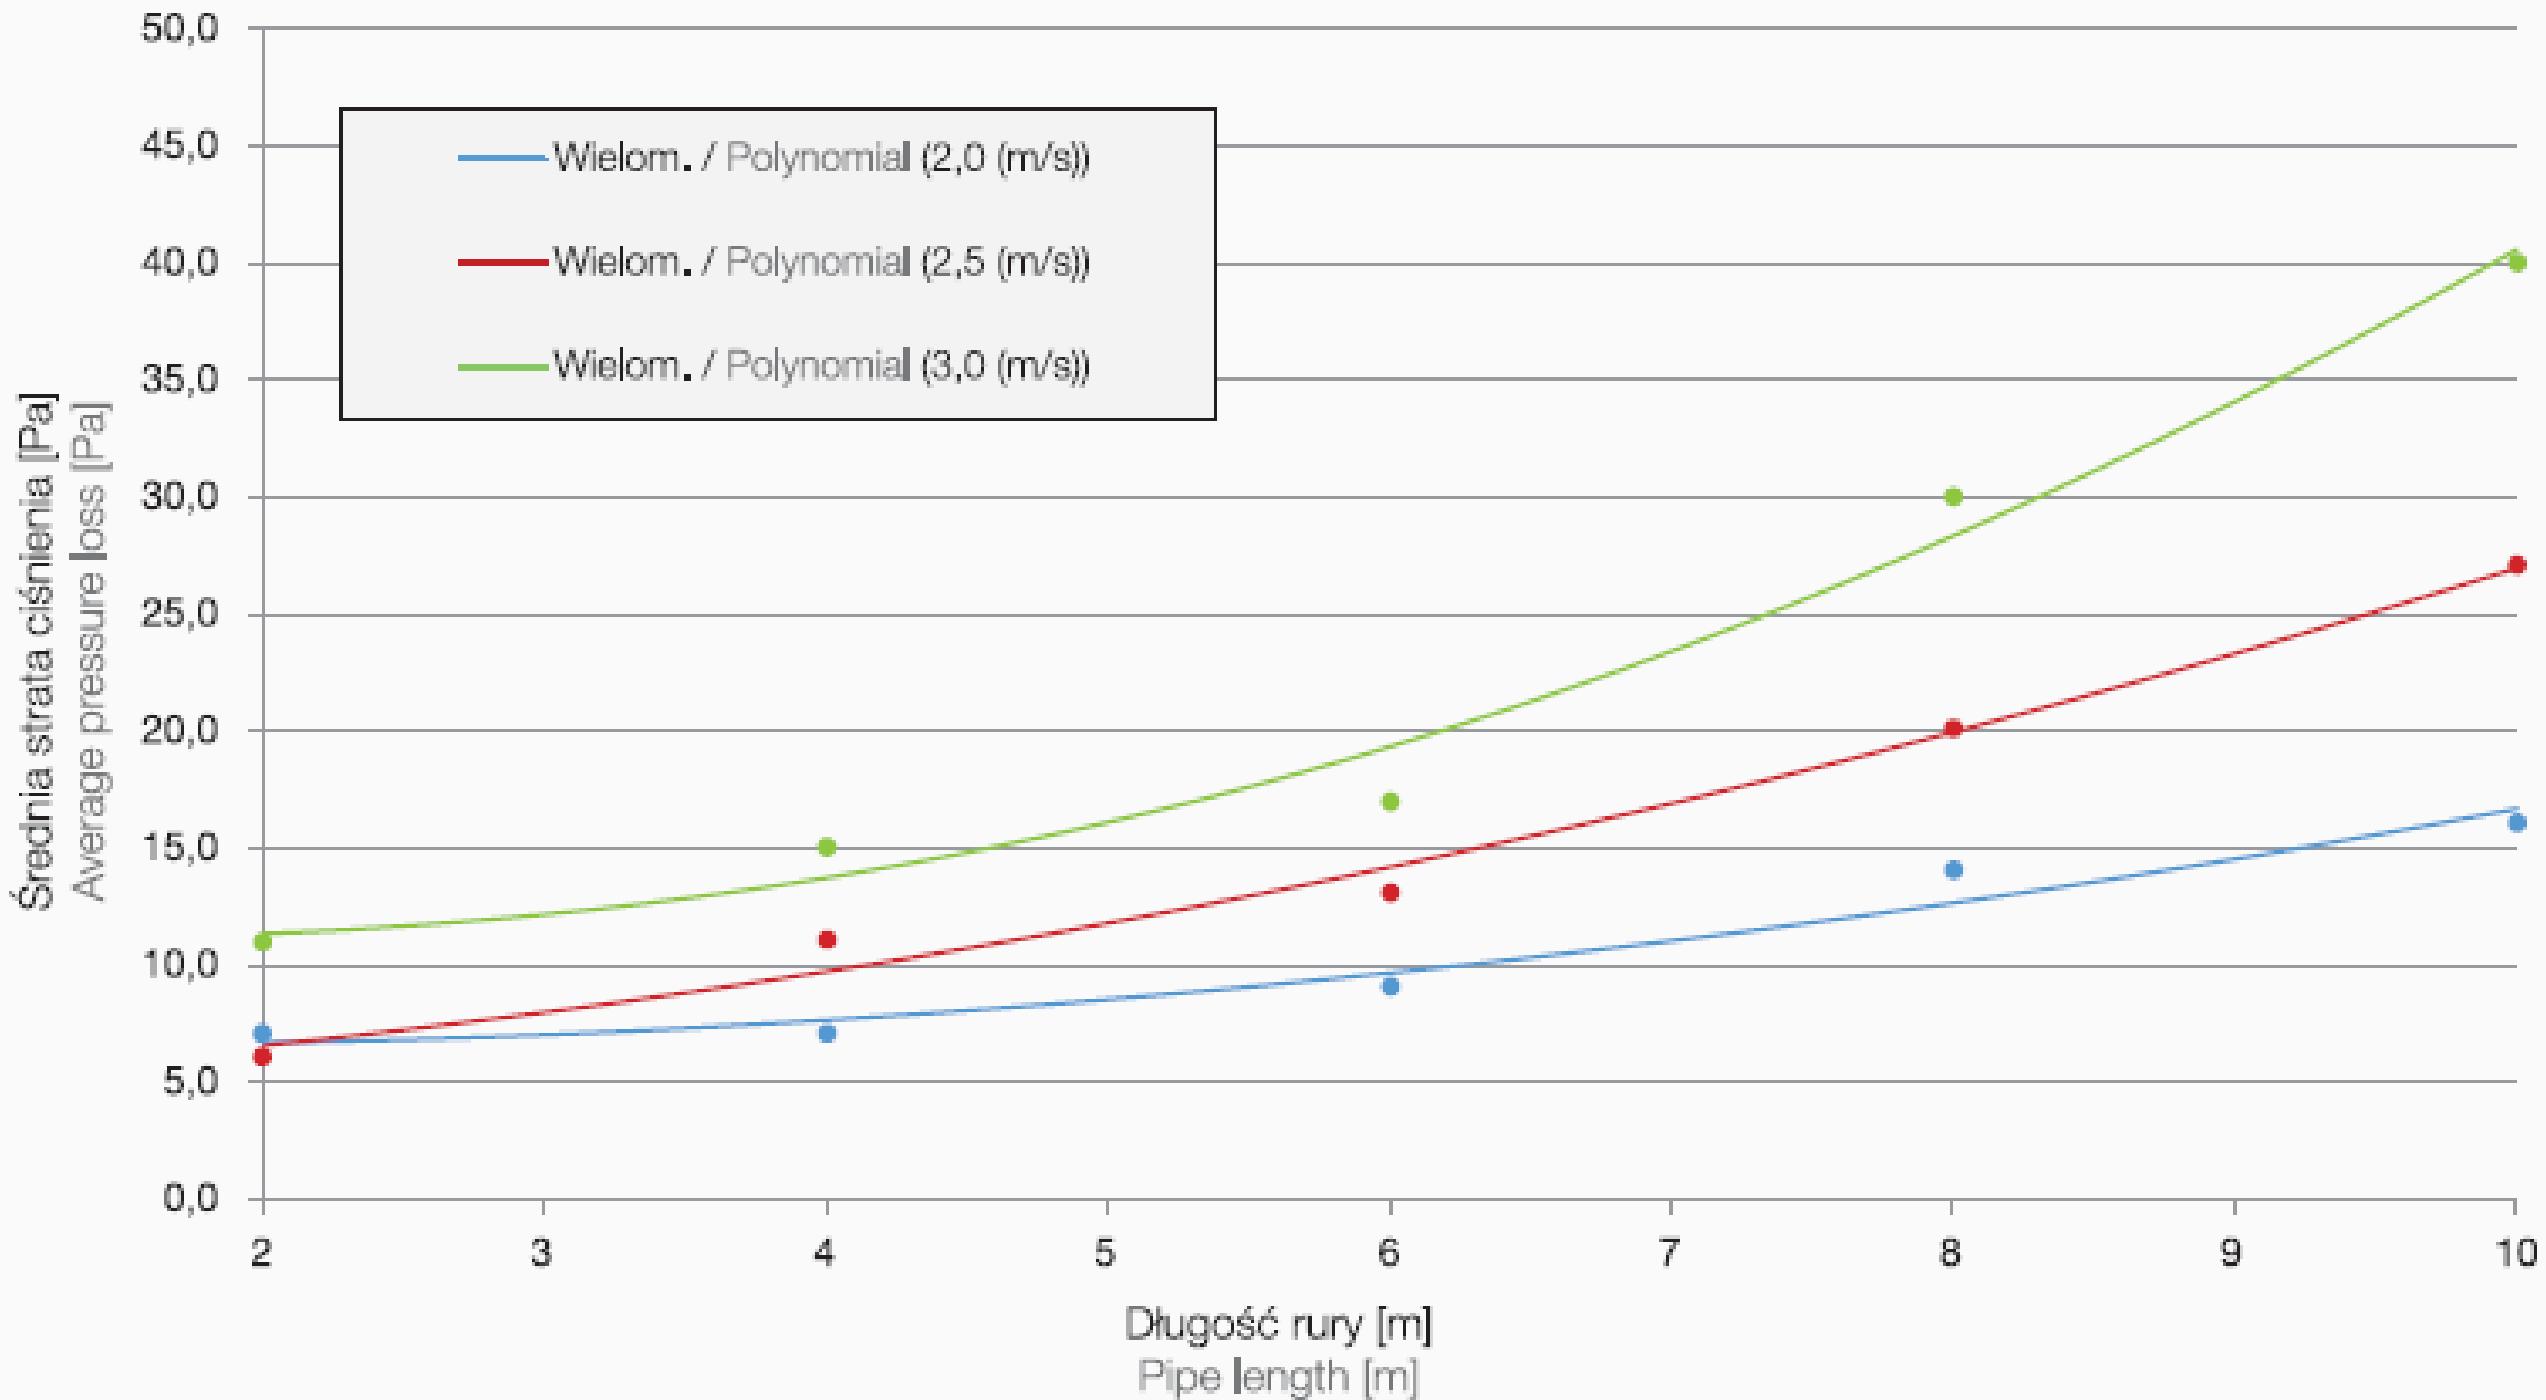

TPLAST®  
S.A.

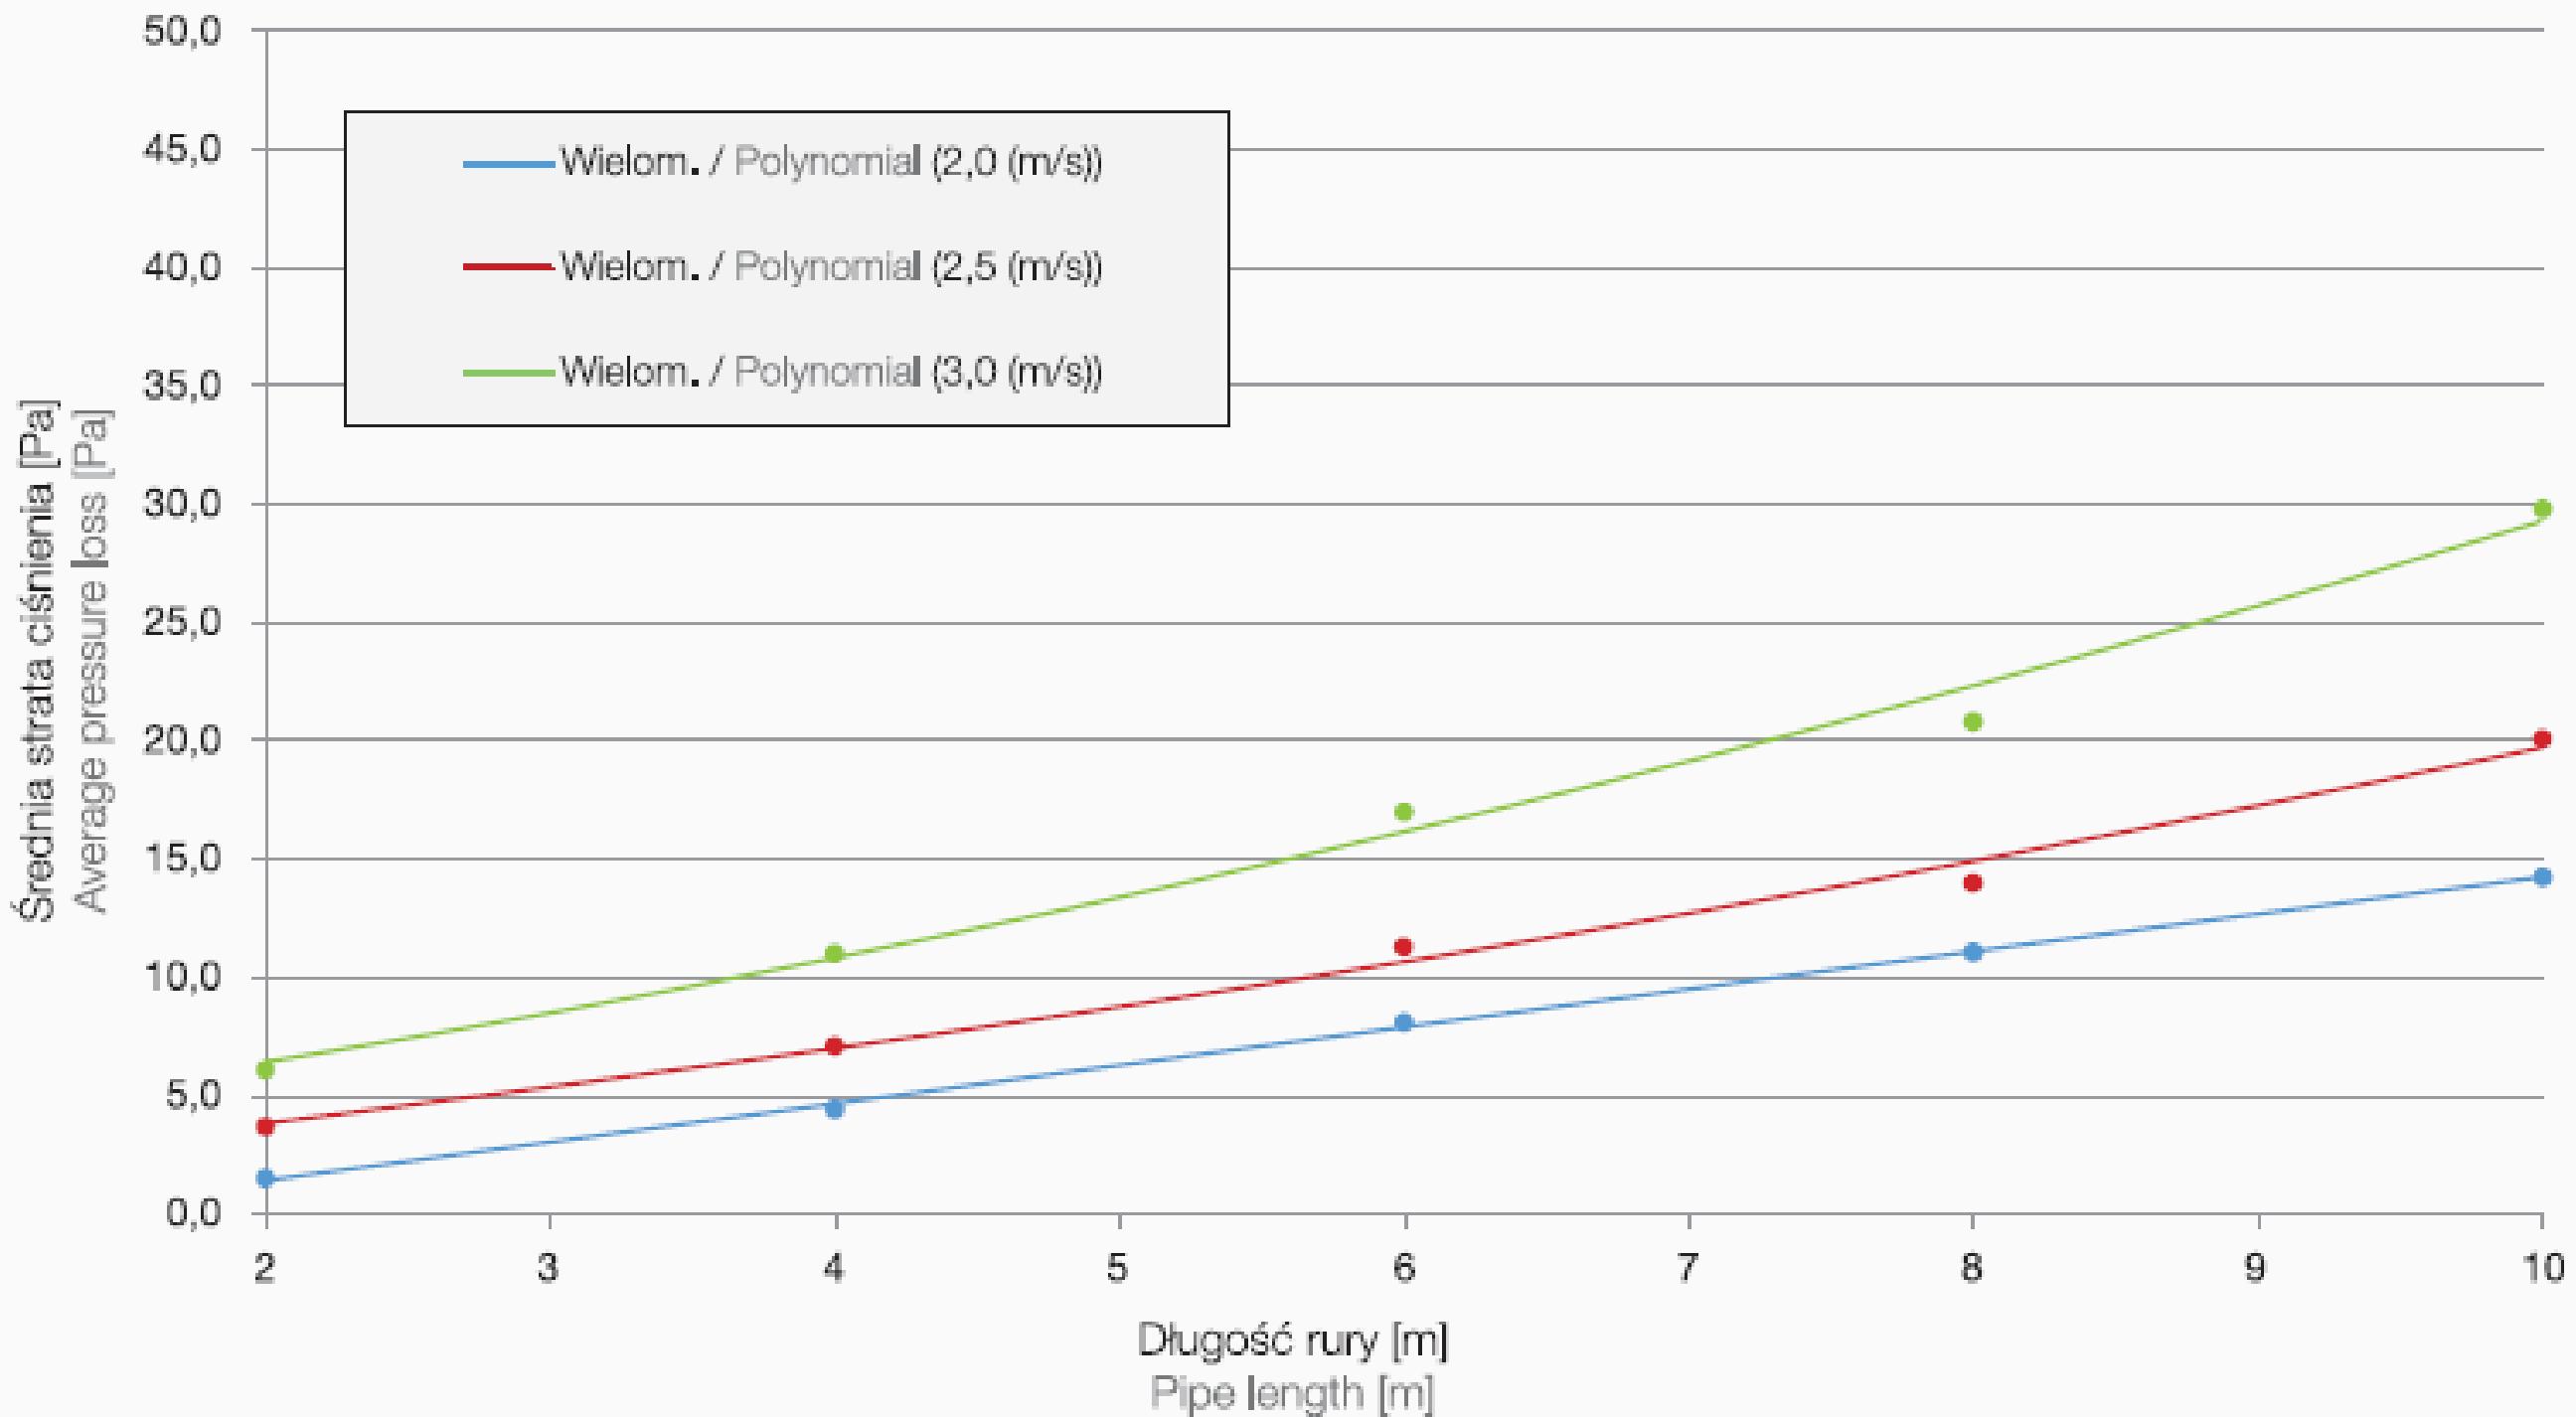

# VENTILATION PIPE DN 63

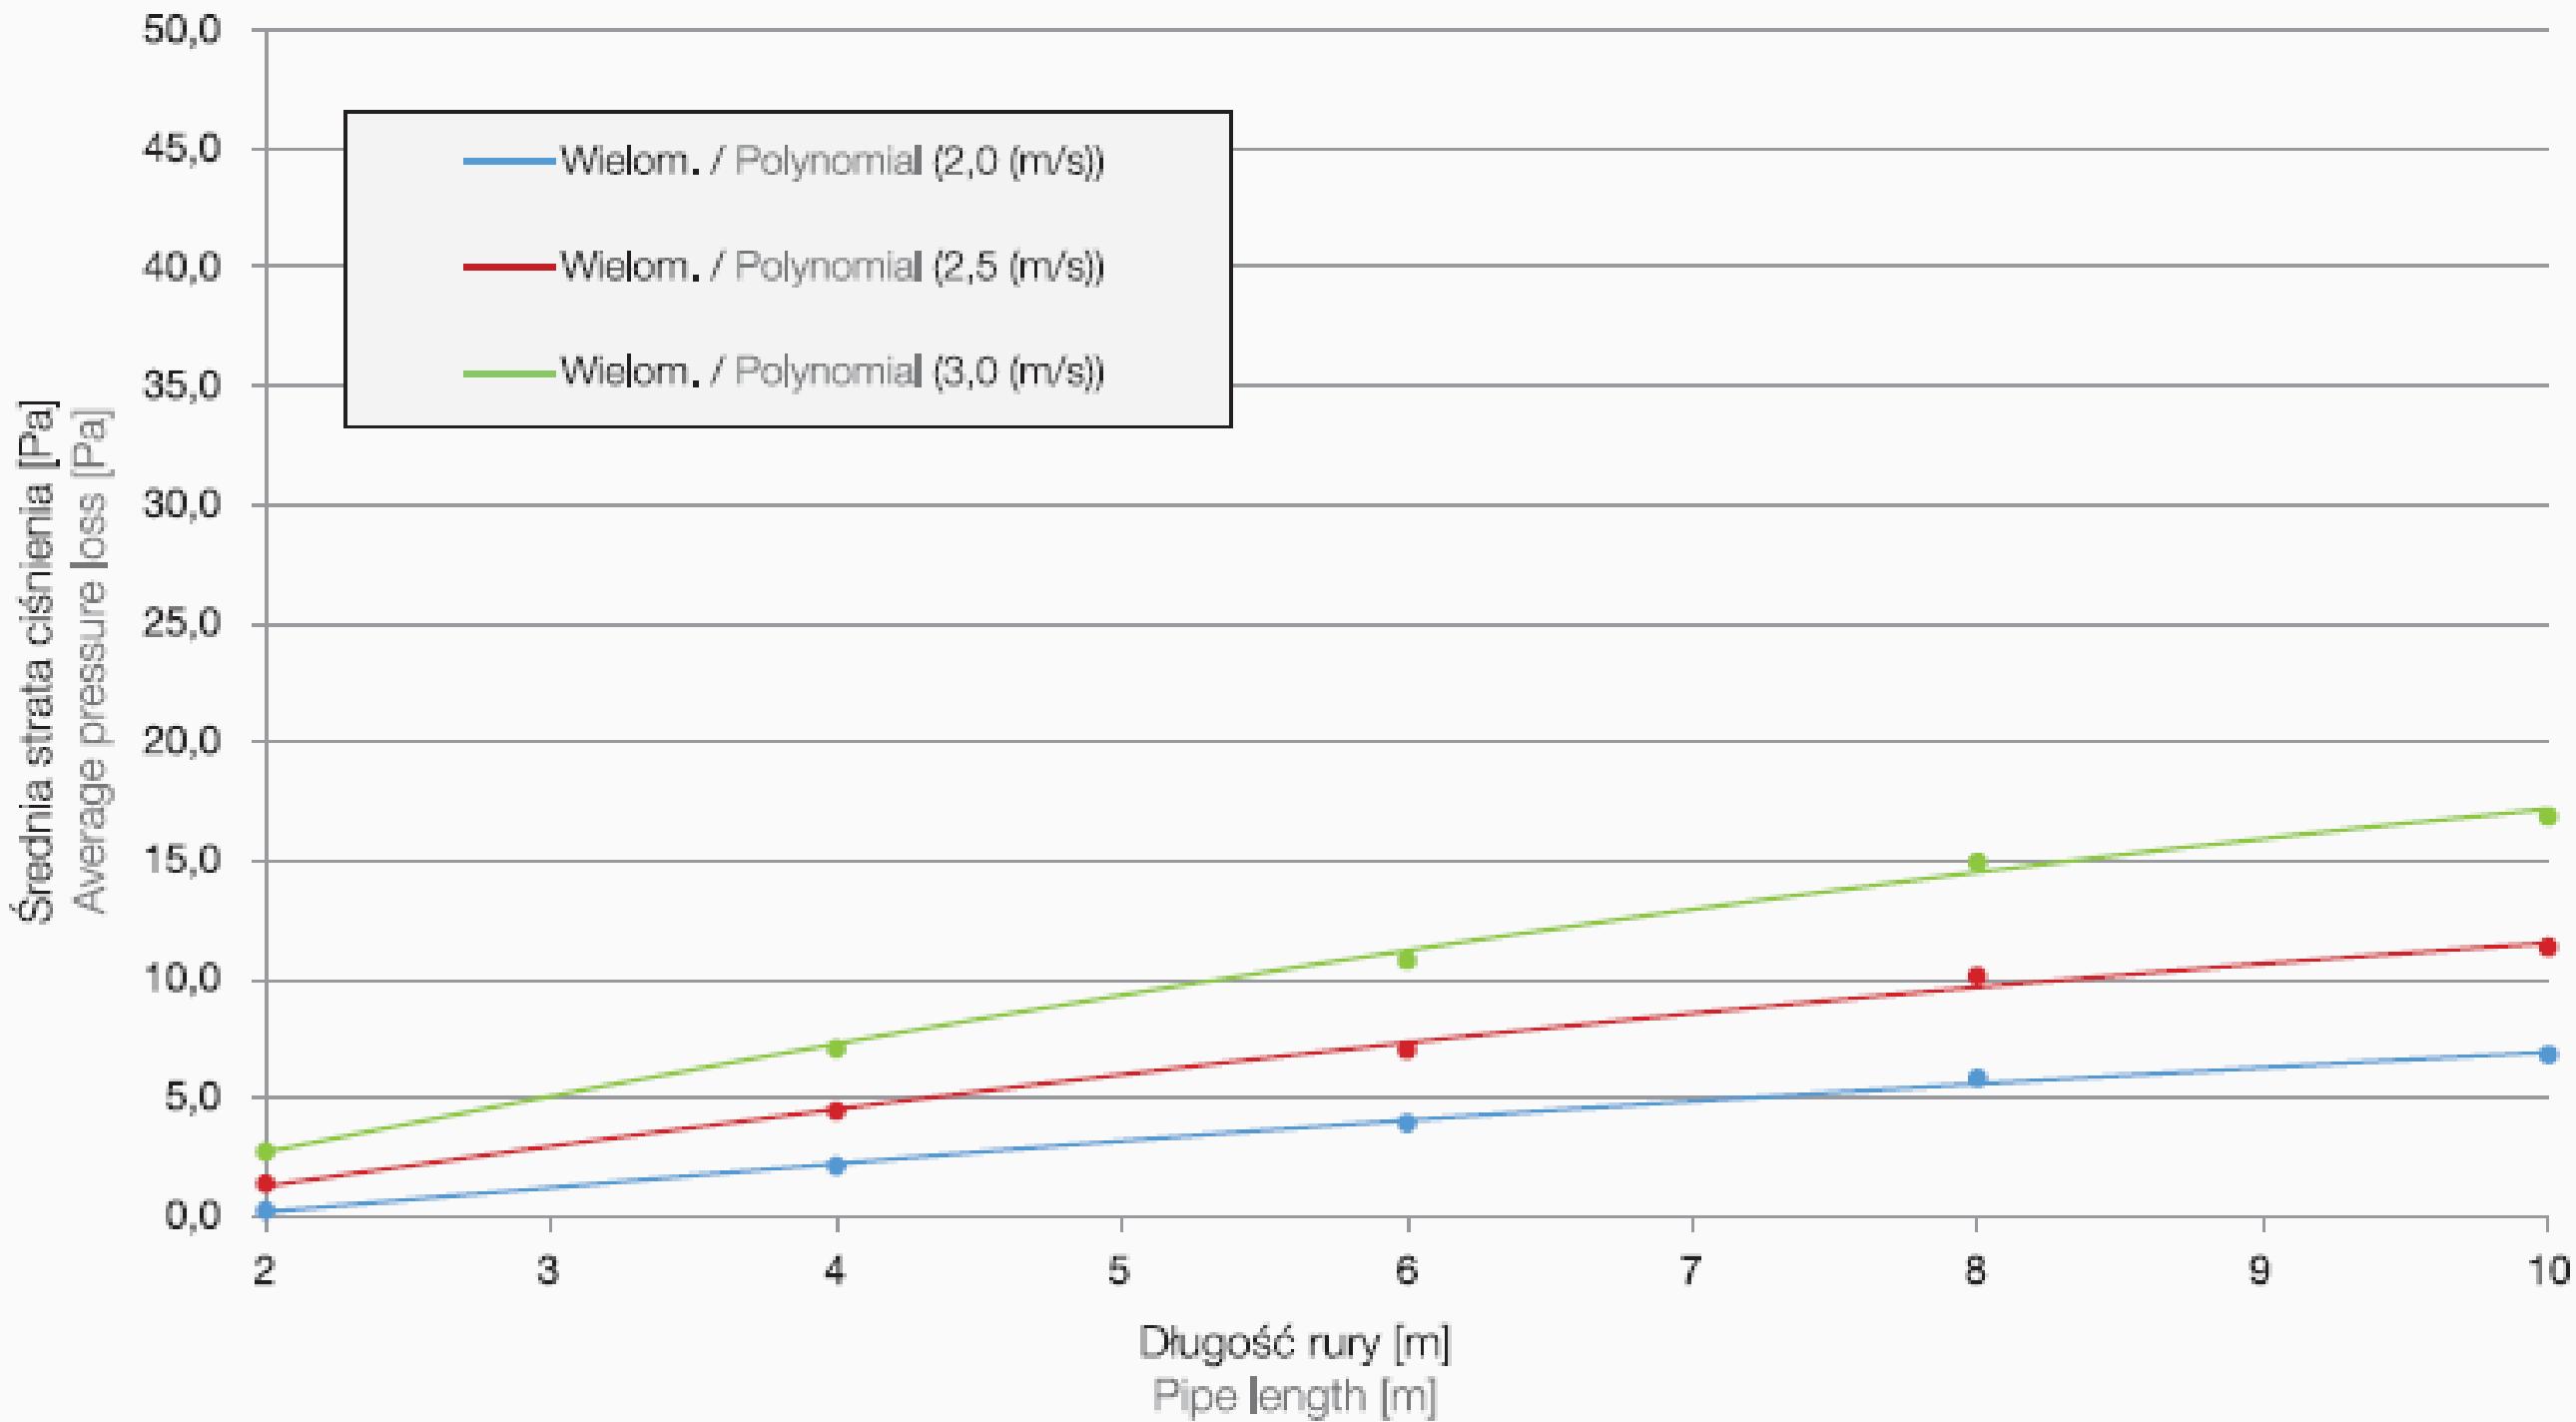

# VENTILATION PIPE DN 75

# VENTILATION PIPE DN 90

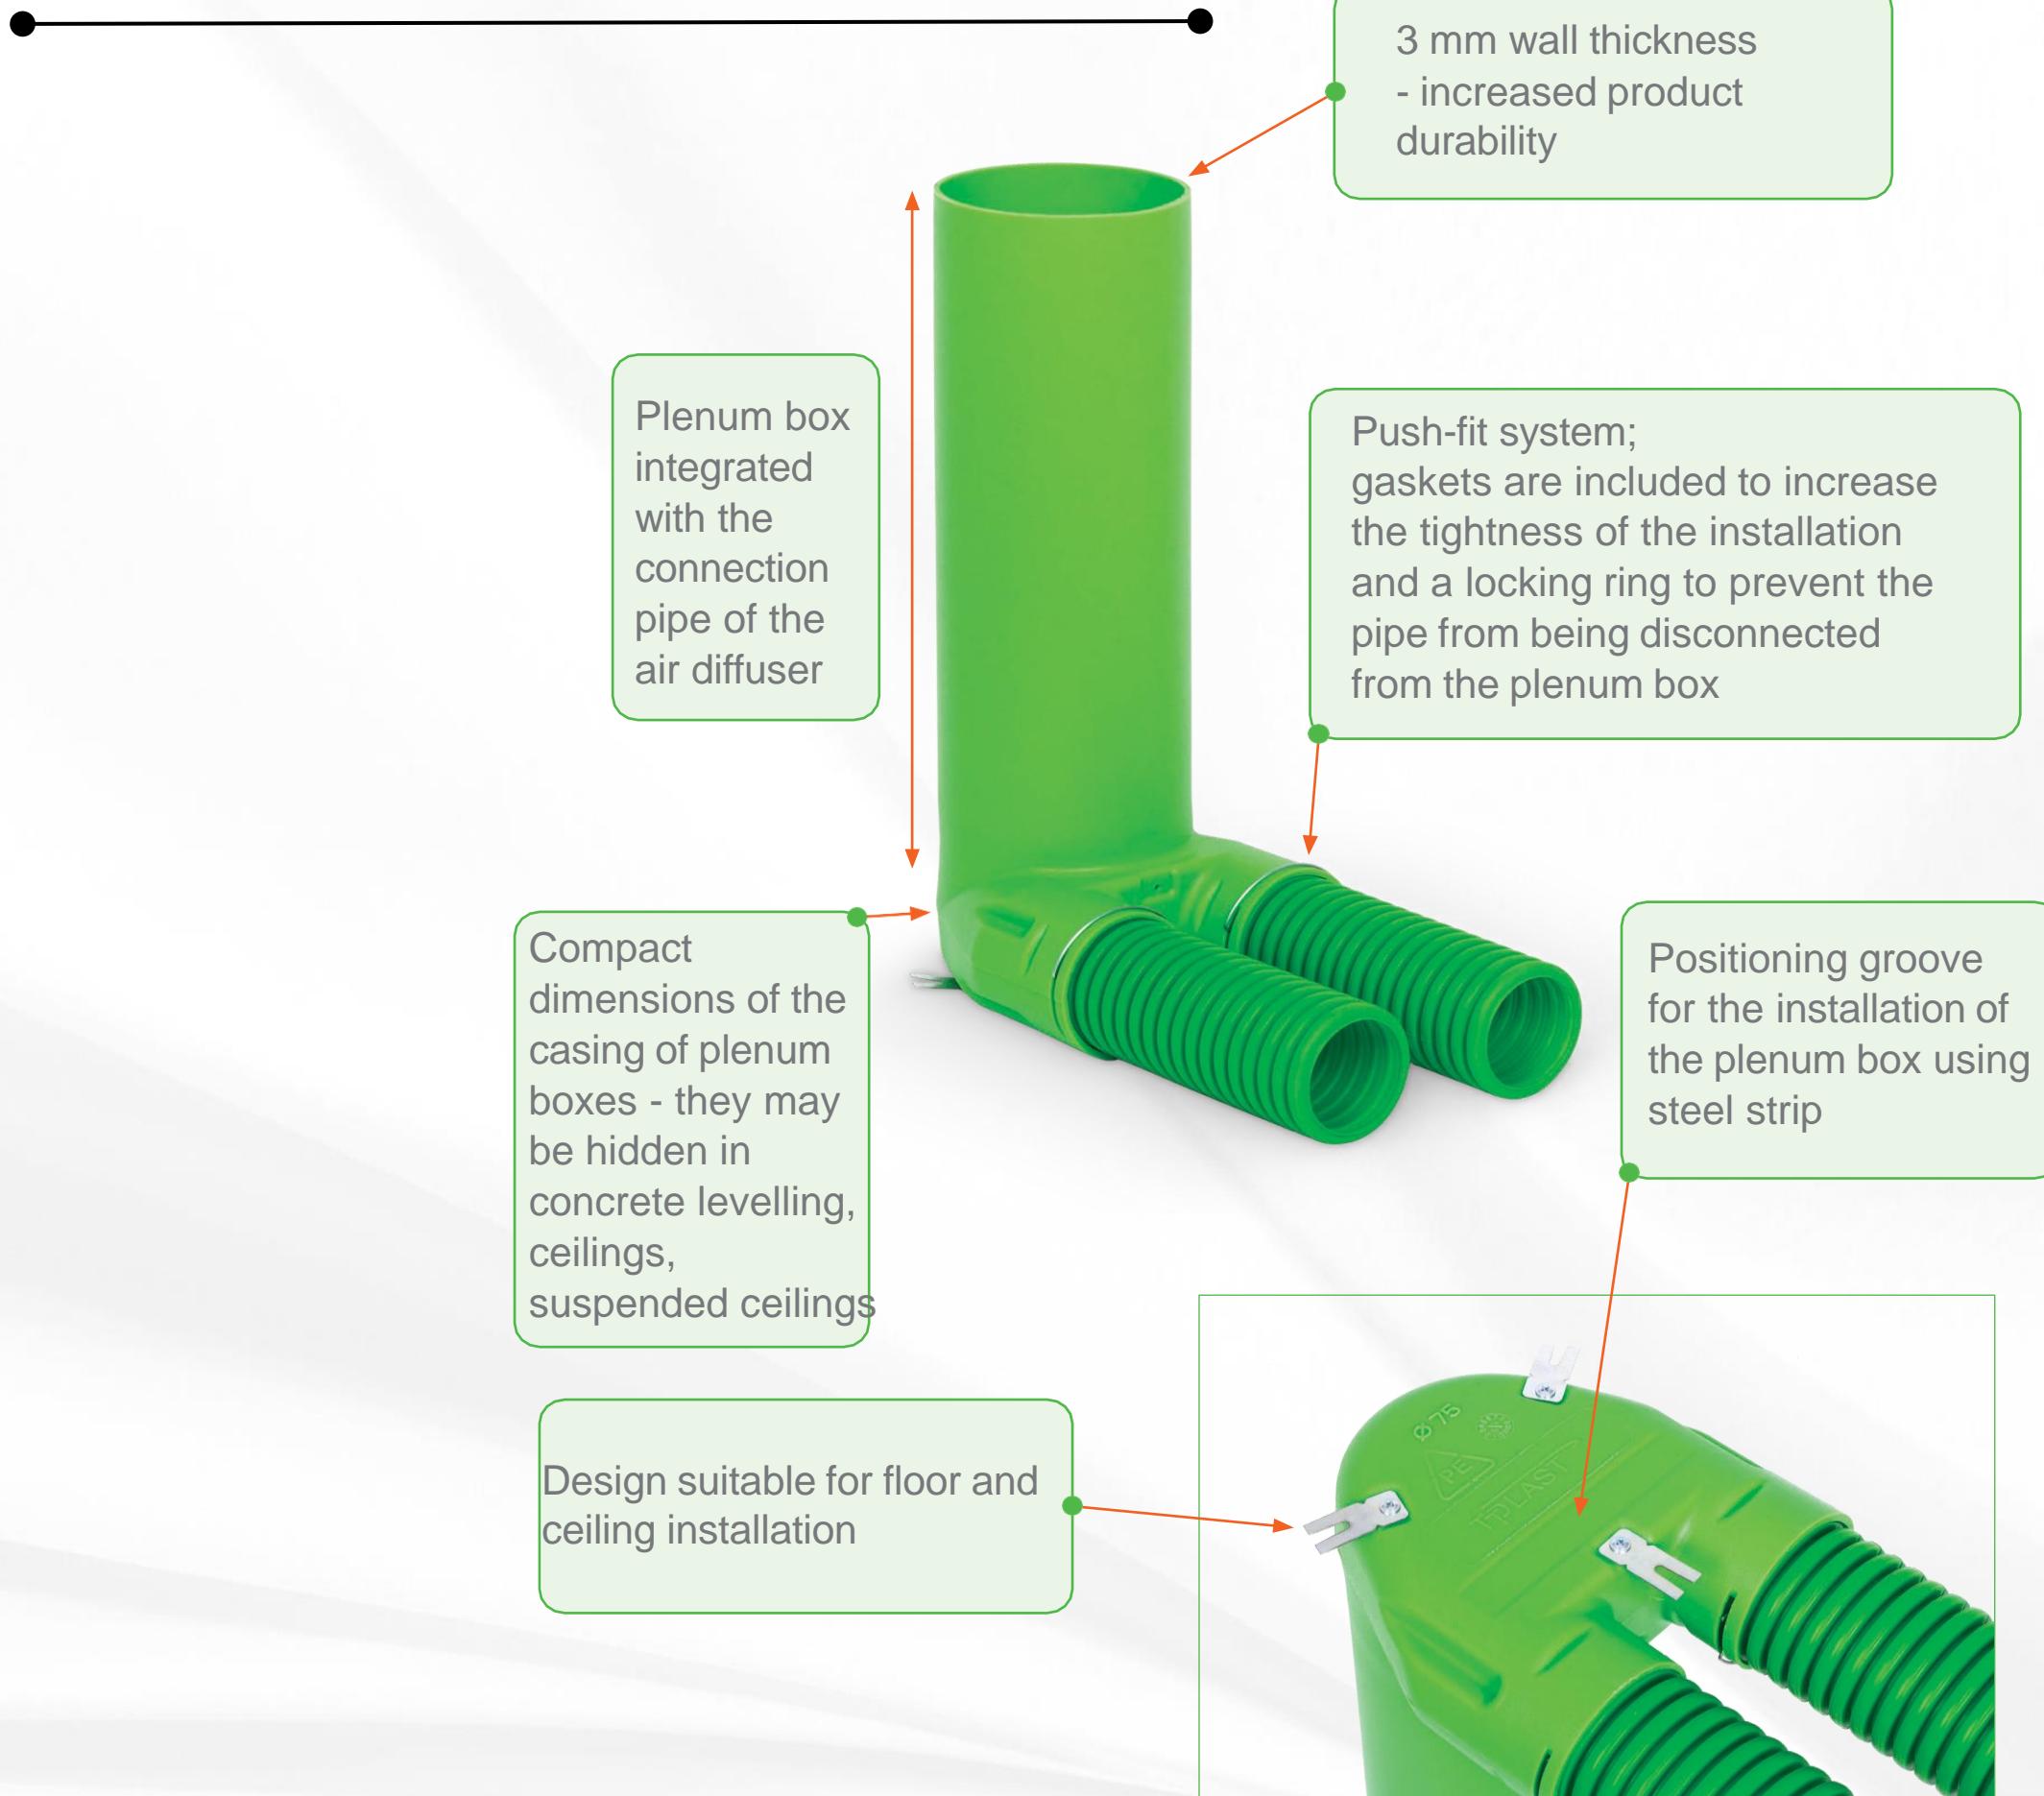

# VENTILATION PIPE 110

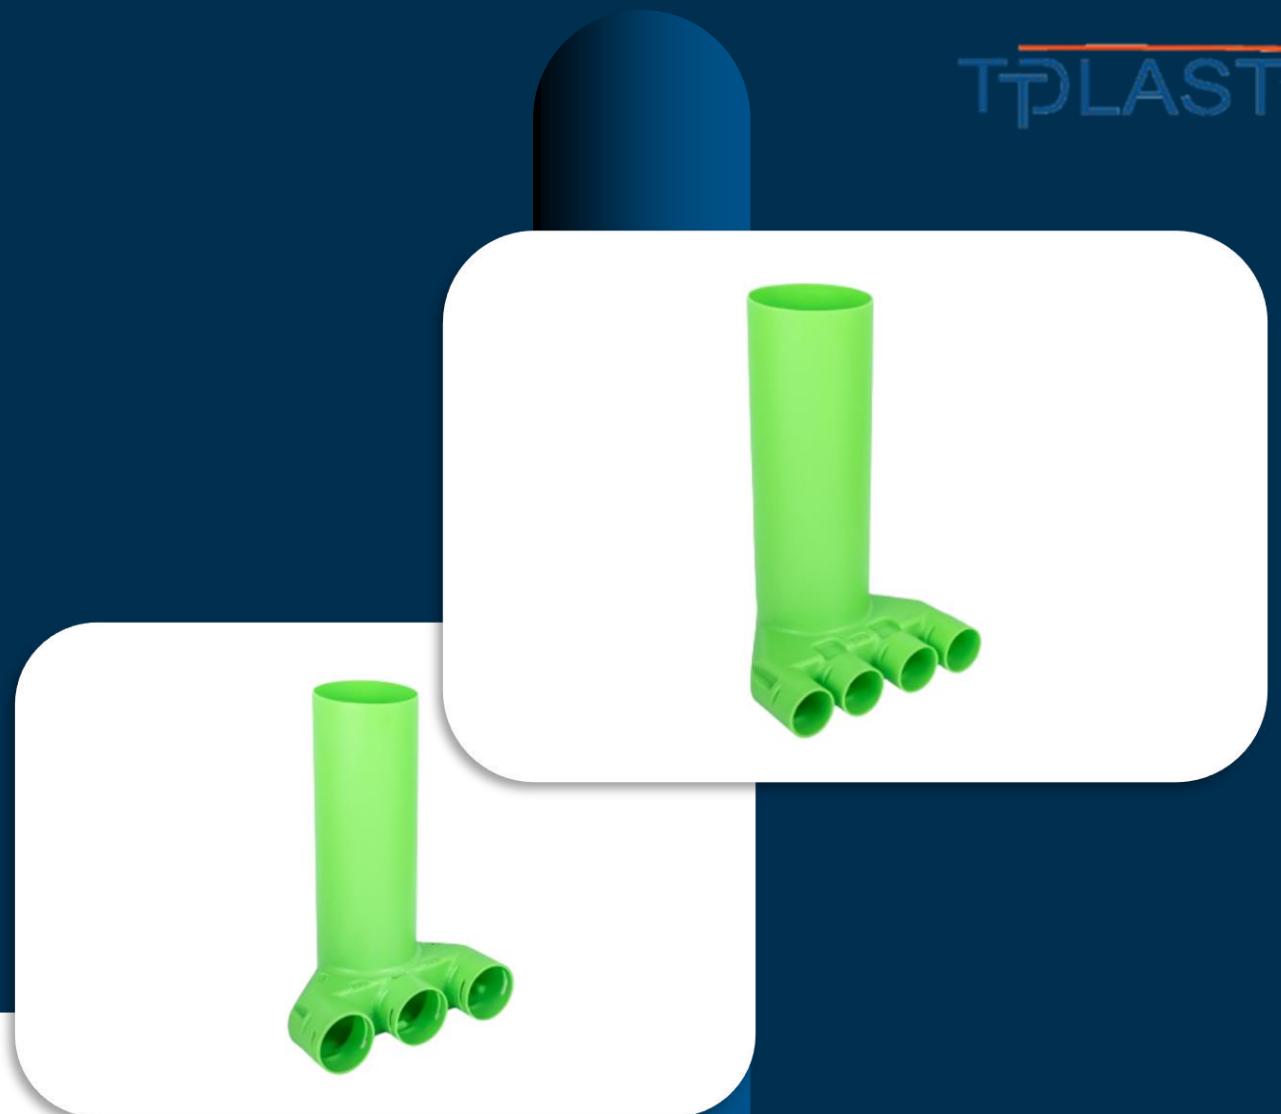

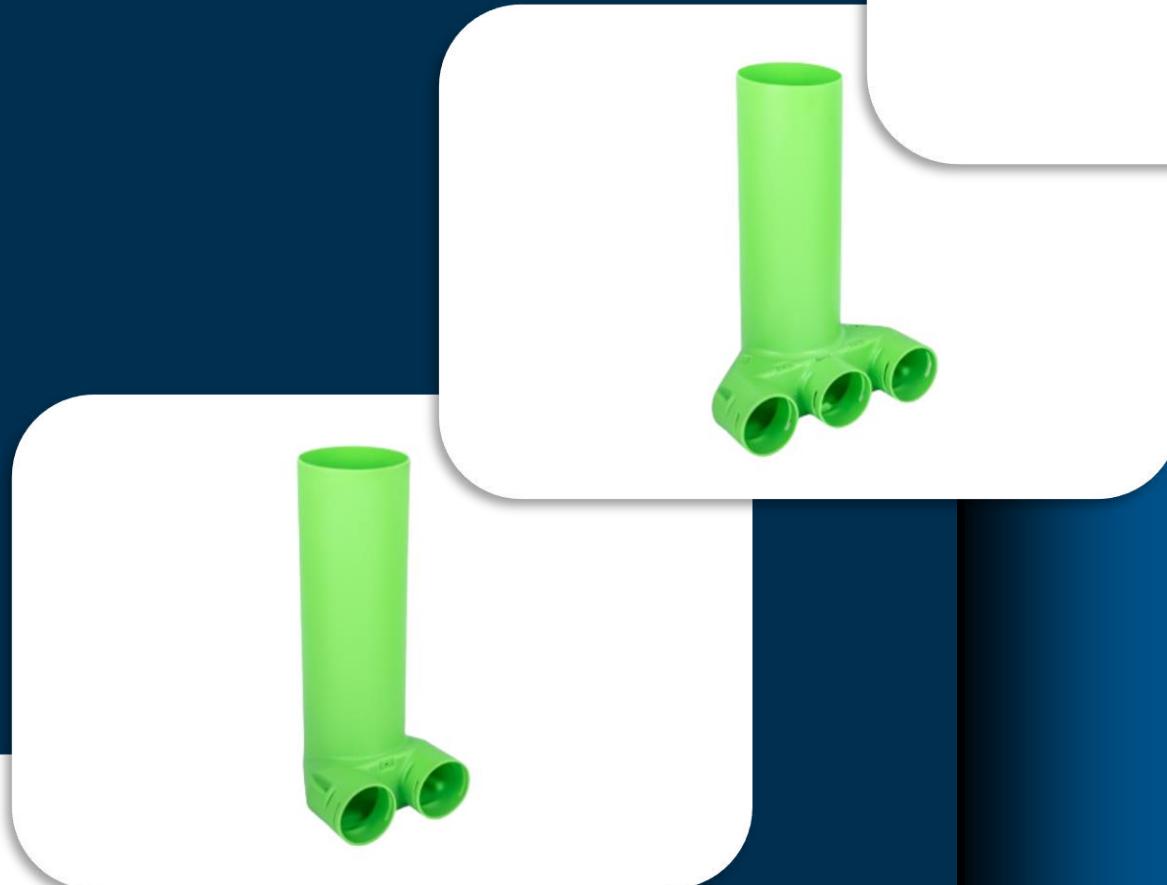

# SR-VENT plenum box

TPLAST®  
S.A.

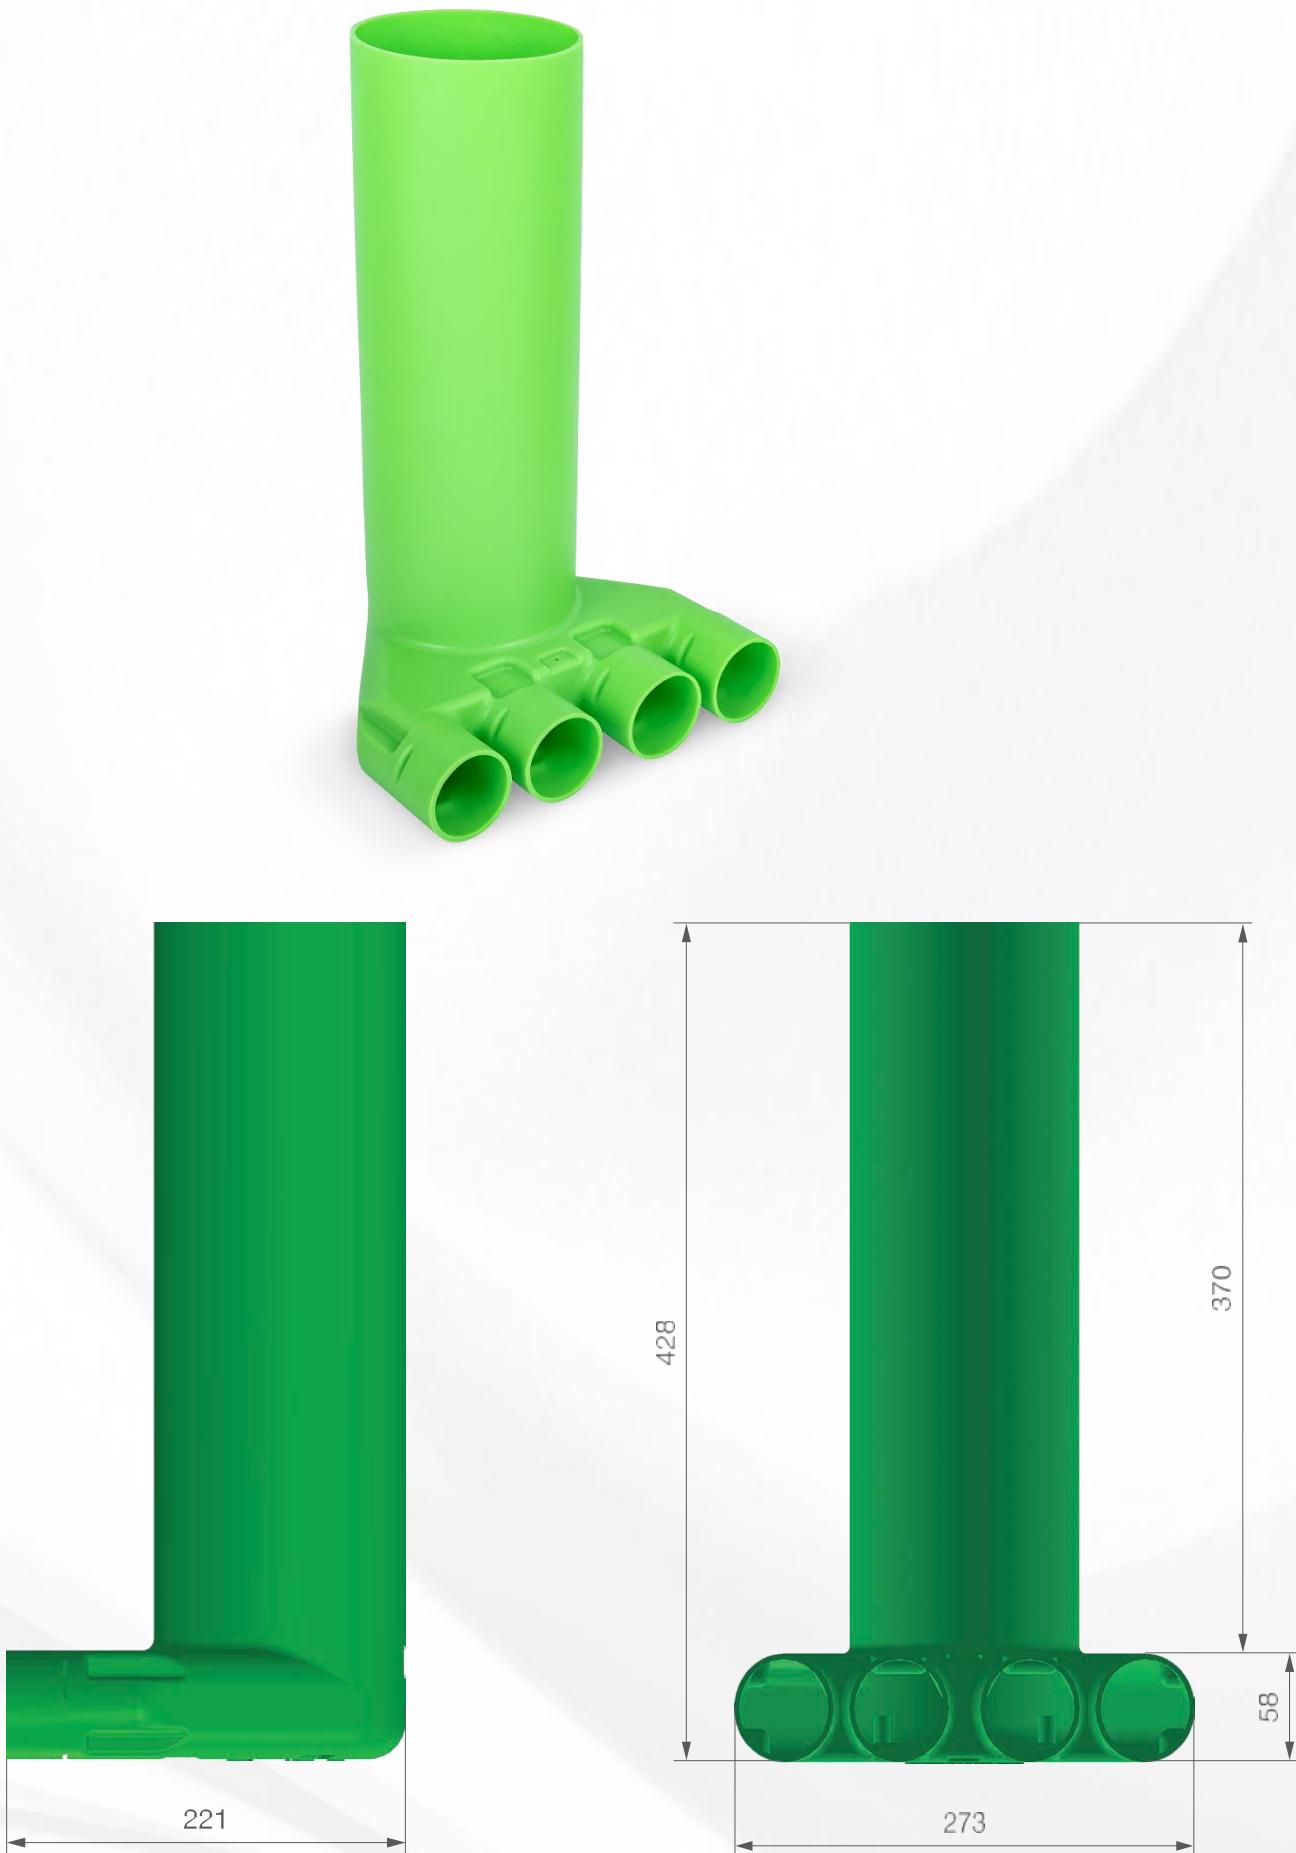

# SR-VENT plenum boxes

# SR-VENT plenum box 50x4x125

TPLAST S.A. ®

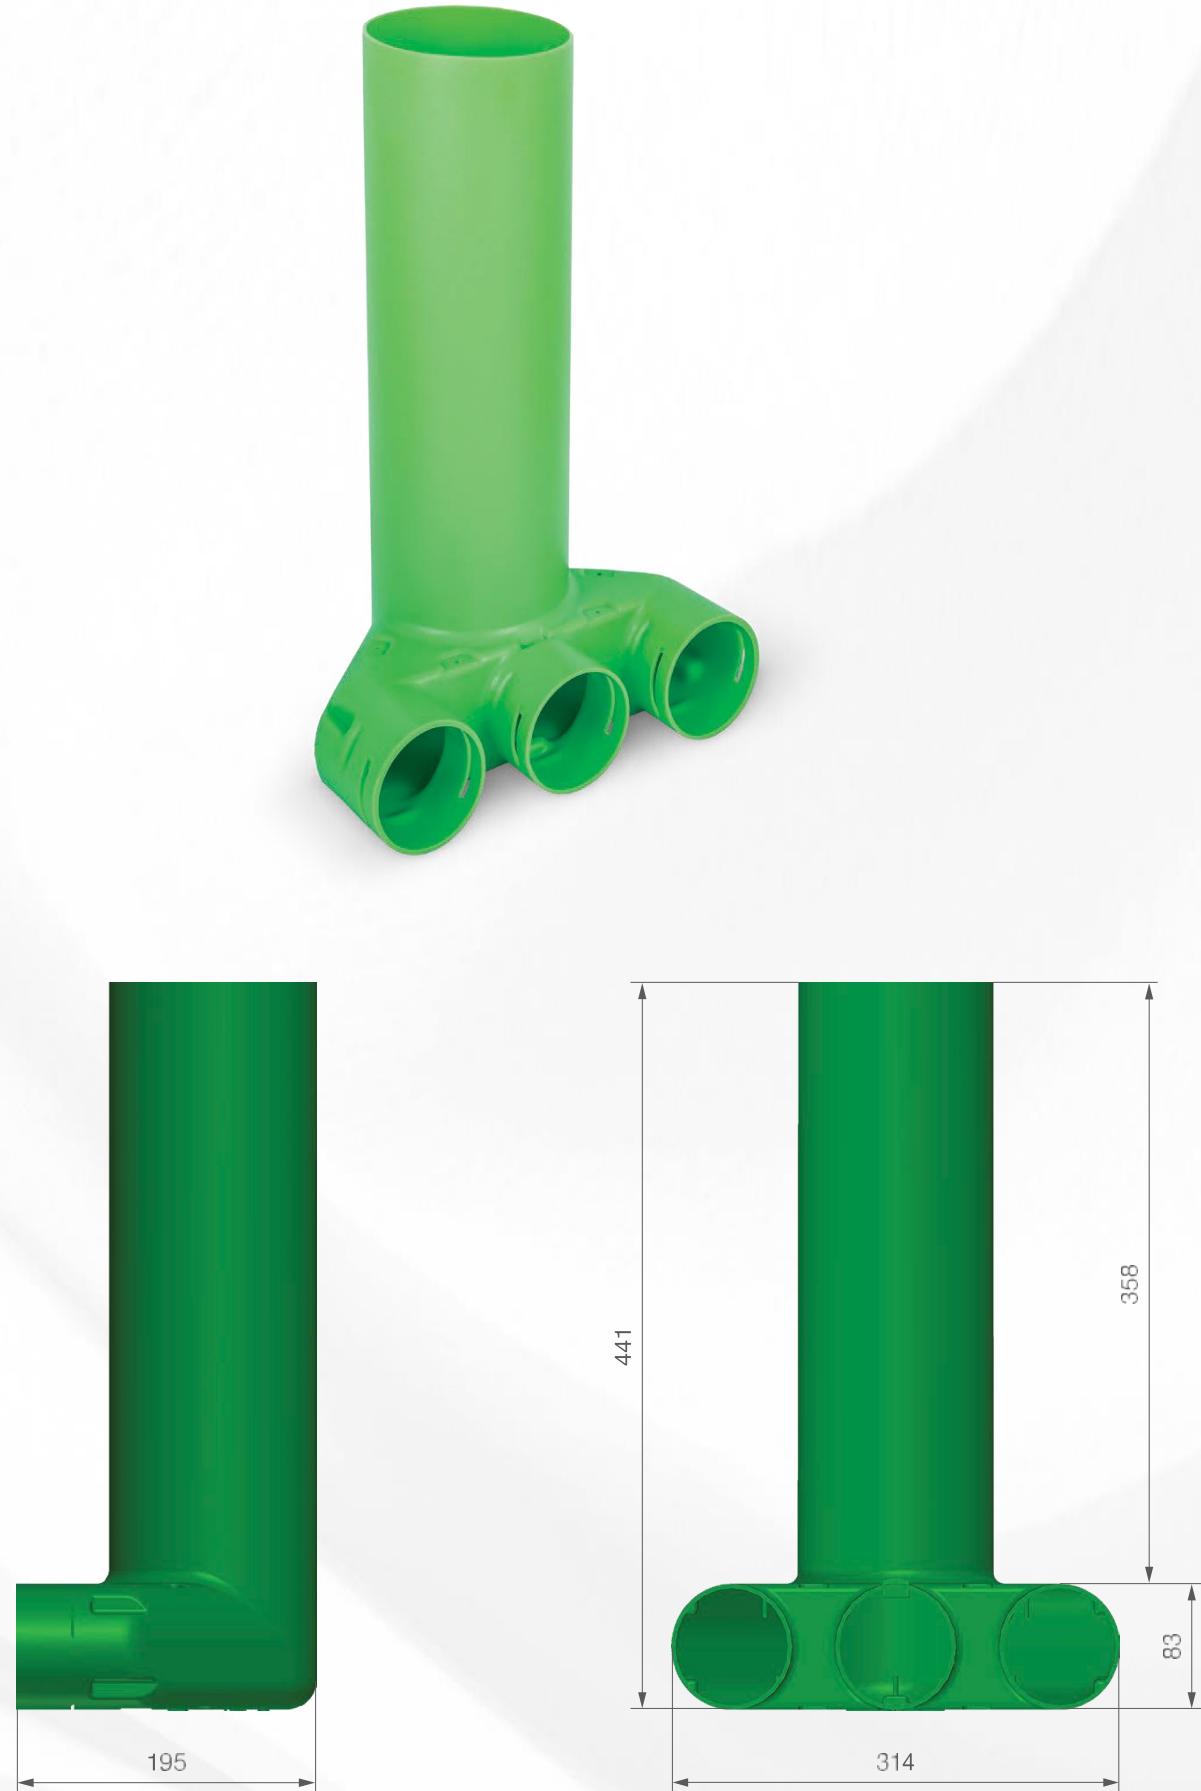

Symbol	•SR-VENT 50x4x125
Material	HDPE
Color	green
Ø Diameter of the ventilation pipe connection [mm]:	50
Ø Diameter of the air diffuser connection [mm]:	125
Number of holes for ventilation pipes [pcs]:	4
Bulk packaging:	8 pcs/pack
Dimensions of the bulk packaging [m]:	0,6 x 0,4 x 0,6
Included	<ul style="list-style-type: none"><li>-Mounting brackets with screws - 3 pcs</li><li>-Pipe gasket Ø50- 4pcs</li><li>-Air diffuser gasket Ø125- 1pcs</li></ul>

# SR-VENT plenum box 75x3x125

**TPLAST** S.A.®

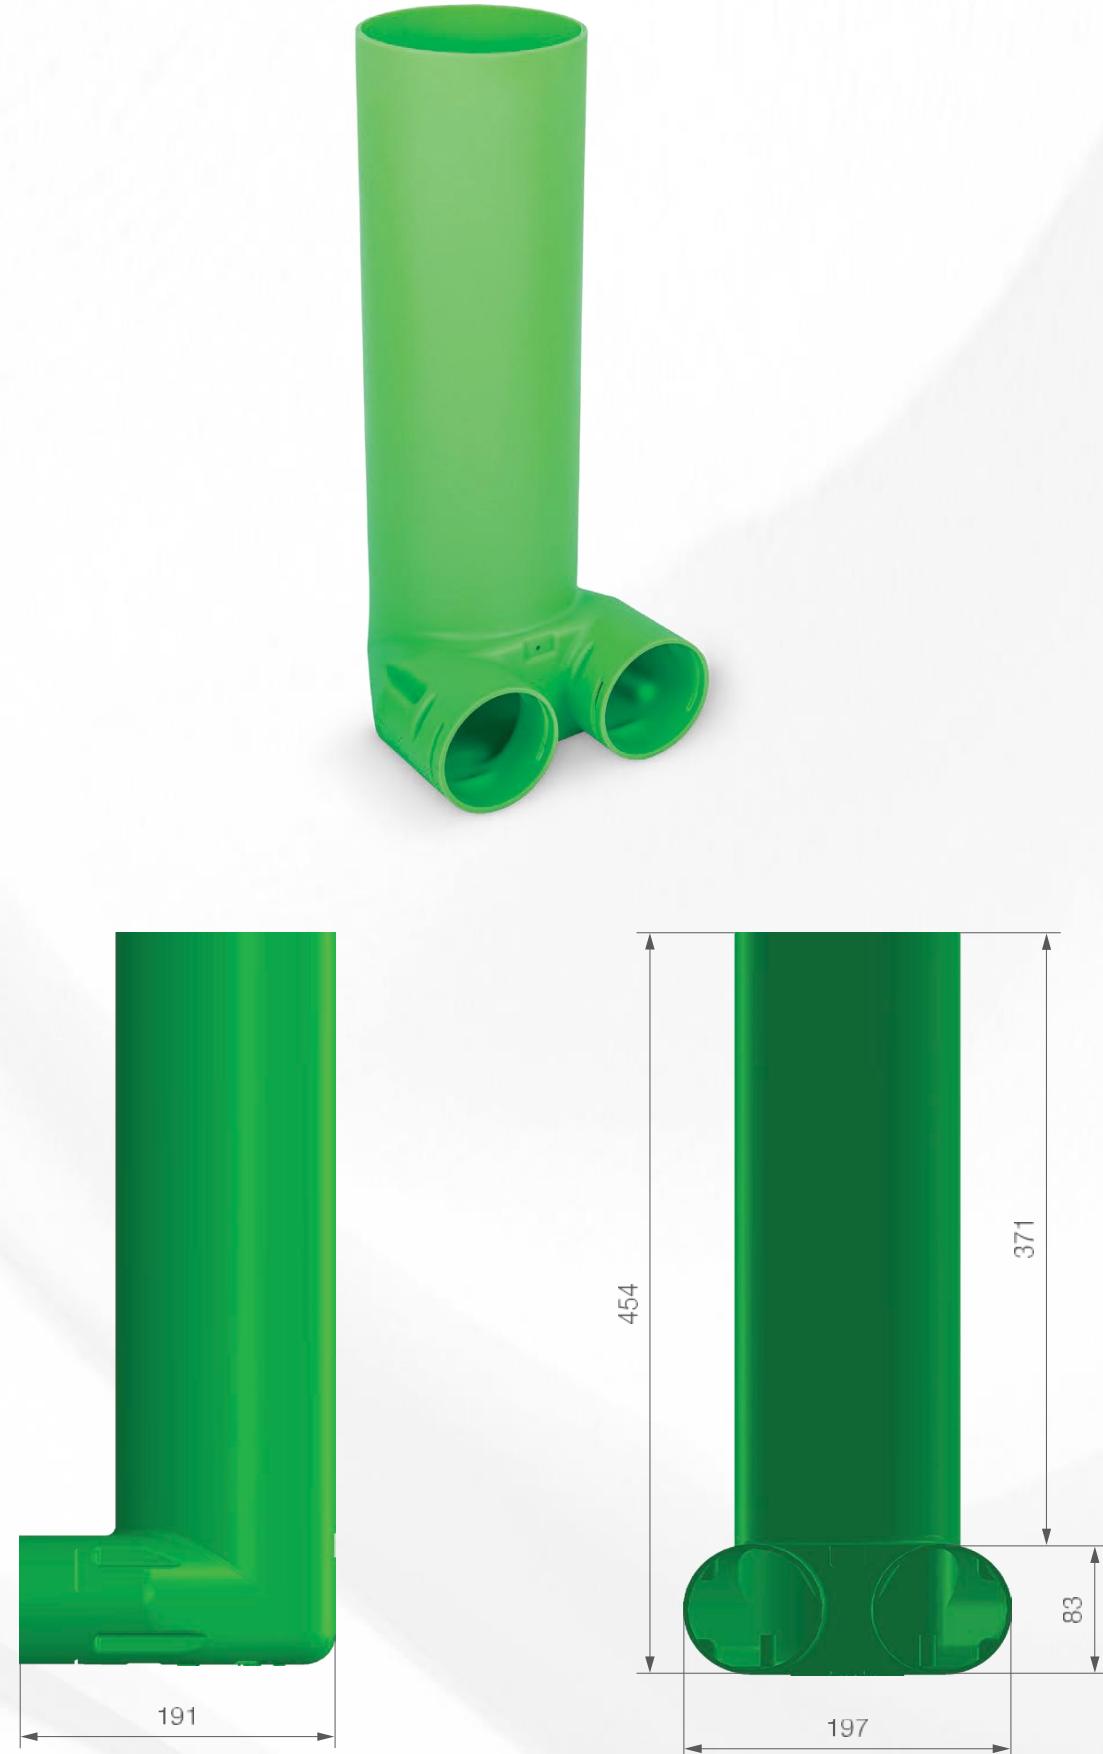

Symbol	•SR-VENT 75x3x125
Material	HDPE
Color	green
Ø Diameter of the ventilation pipe connection [mm]:	75
Ø Diameter of the air diffuser connection [mm]:	125
Number of holes for ventilation pipes [pcs]:	3
Bulk packaging:	8 pcs/pack
Dimensions of the bulk packaging [m]:	0,6 x 0,4 x 0,6
Included	<ul style="list-style-type: none"> <li>-Mounting brackets with screws – 5 pcs</li> <li>-Locking ring -3 pcs</li> <li>-Pipe gasket Ø75- 3 pcs</li> <li>-Air diffuser gasket Ø125 - 1 pcs</li> </ul>

# SR-VENT plenum box 75x2x125

**TPLAST** S.A.®

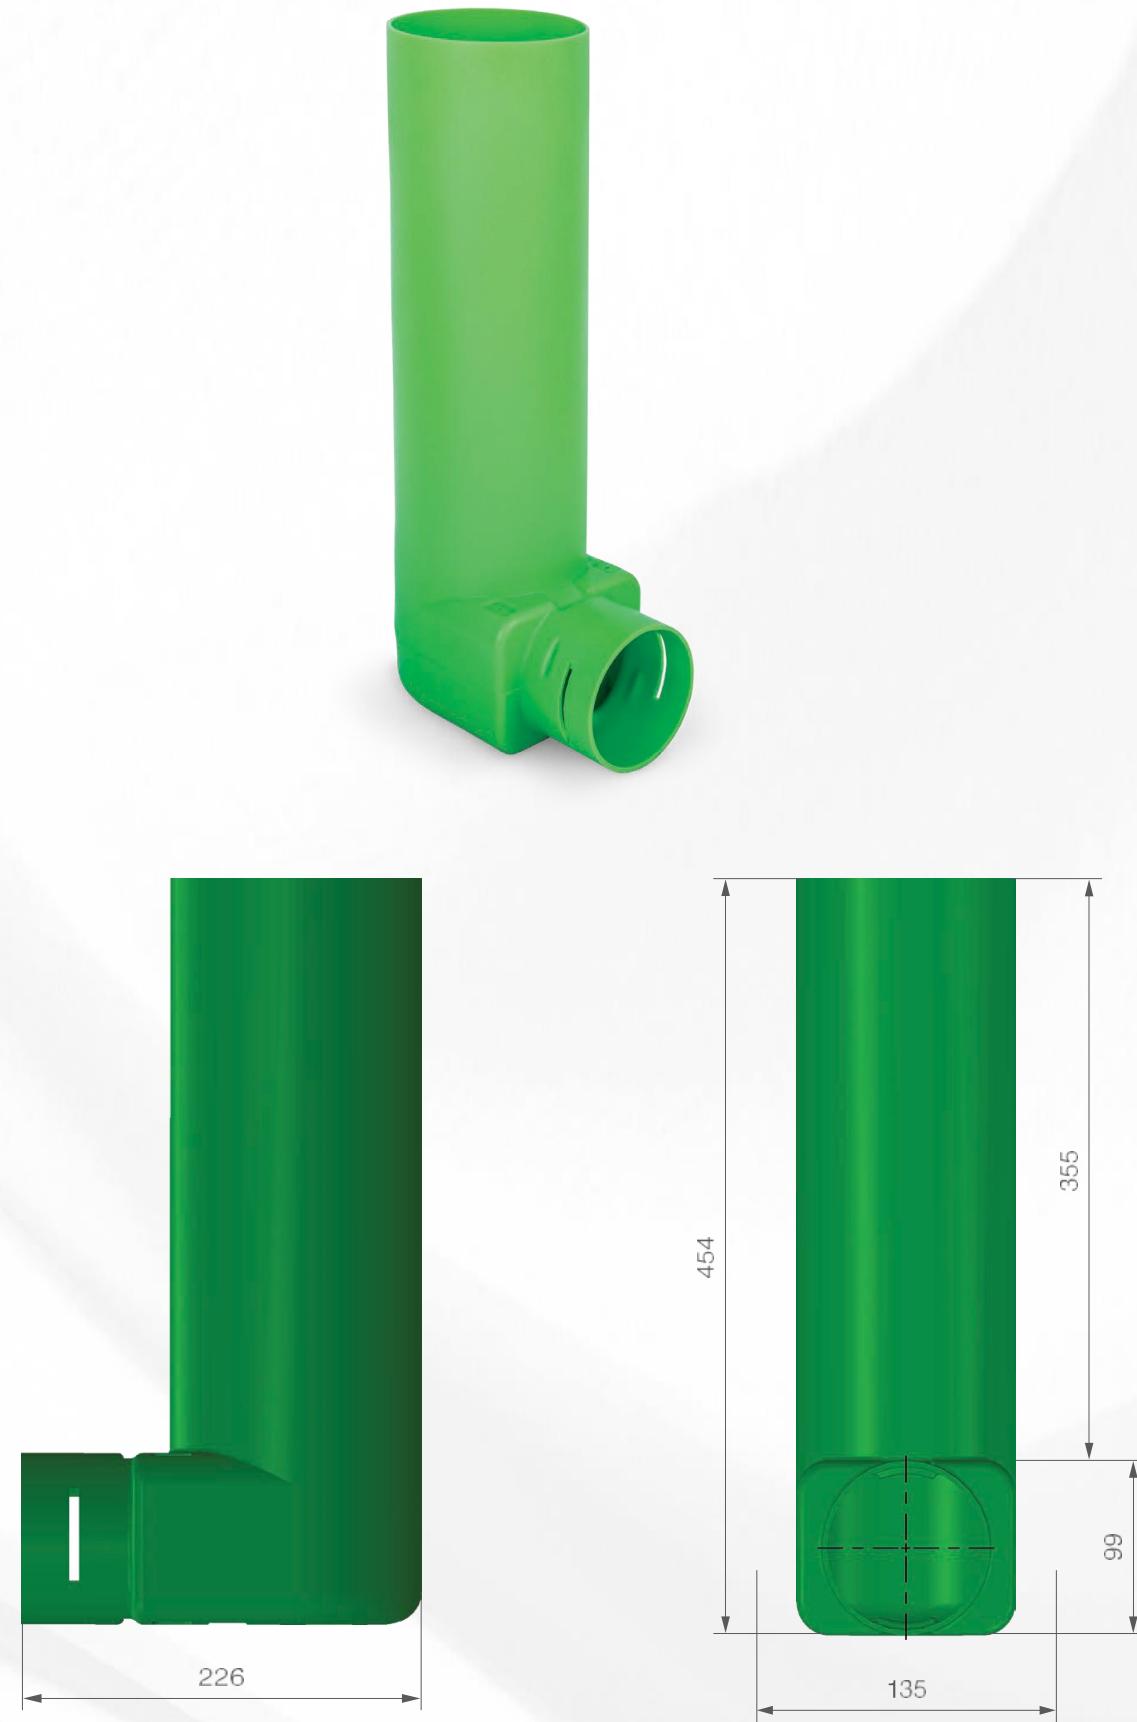

Symbol	•SR-VENT 75x2x125
Material	HDPE
Color	green
Ø Diameter of the ventilation pipe connection [mm]:	75
Ø Diameter of the air diffuser connection [mm]:	125
Number of holes for ventilation pipes [pcs]:	2
Bulk packaging:	8 pcs/pack
Dimensions of the bulk packaging [m]:	0,6 x 0,4 x 0,6
Included	<ul style="list-style-type: none"> <li>-Mounting brackets with screws - 3 pcs</li> <li>-Locking ring -2 pcs</li> <li>-Pipe gasket Ø75 -2 pcs</li> <li>-Air diffuser gasket Ø125 - 2 pcs</li> </ul>

# SR-VENT plenum box 90x1x125

**TPLAST** S.A.®

Symbol	•SR-VENT 90x1x125
Material	HDPE
Color	green
Ø Diameter of the ventilation pipe connection [mm]:	90
Ø Diameter of the air diffuser connection [mm]:	125
Number of holes for ventilation pipes [pcs]:	1
Bulk packaging:	12 pcs/pack
Dimensions of the bulk packaging [m]:	0,6 x 0,4 x 0,6
Included	<ul style="list-style-type: none"> <li>-Mounting brackets with screws - 3 pcs</li> <li>-Locking ring -1 pcs</li> <li>-Pipe gasket Ø75 - 1 pcs</li> <li>-Air diffuser gasket Ø125 - 1 pcs</li> </ul>

# INSTALLATION ACCESSORIES

for ventilation pipes

# TECHNICAL INFORMATION OF MATERIALS WE USE

FOR THE PRODUCTION OF VENTILLATION PIPES  
AND PLENUM BOXES WE USE VIRGIN MATERIALS.

# HDPE chemical resistance

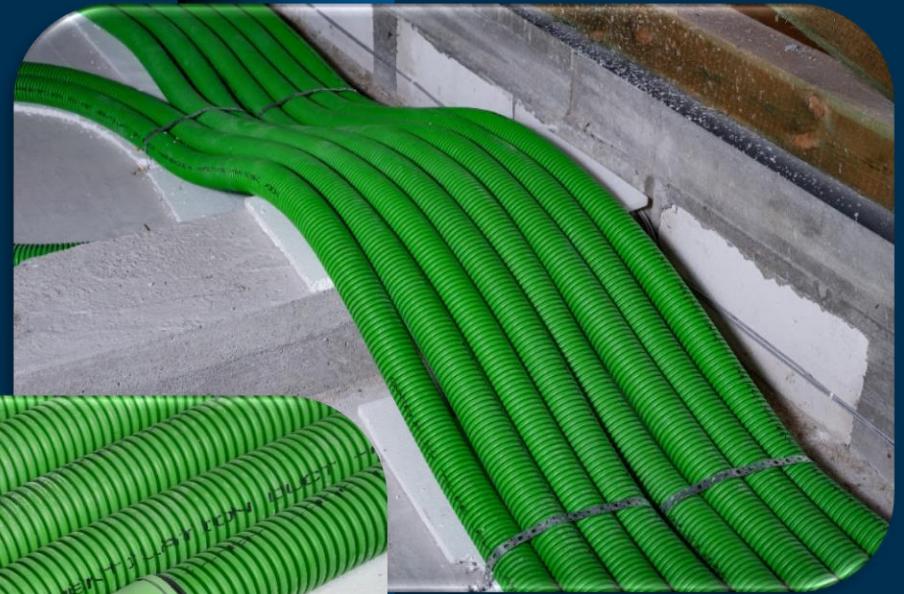

Chemical substances		Level of resistance
Water		+
Acids	Weak	+
	Strong	+
	Hydrofluoric	+
Zasady	Weak	+
	Strong	+
Inorganic salts		+
Halogens		-
Oxidizers		-
Solvents	Paraffinic hydrocarbons	-
	Halogenated alkanes	⊗
	Alcohols	+
	Ethers	■
	Esters	+
	Ketones	+
